### How could your gift help?

£7 could enable one GP to update their knowledge of ovarian cancer symptoms and best practice for early diagnosis.

£10 could help 10 people learn about the symptoms of ovarian cancer through our leaflets. Knowing the symptoms and when to visit the GP can vastly improve early diagnosis.

£17 could mean our support line can help one more person who needs advice and information they can trust.

### Gift Aid - what does it mean?

By ticking the Gift Aid box, Target Ovarian Cancer can claim an extra 25p for every £1 you donate (we claim for the basic rate of tax paid on the donation at no extra cost to you).

Gift Aid applies to individual donations and sponsorship amounts. It does not apply to payments made for goods and services, where there is a set minimum donation amount or donations made by a company or on behalf of another individual.

<sup>1</sup> If I have ticked the box headed 'giftaid it', I confirm I want to Gift Aid all donations I have made to Target Ovarian Cancer in the last four years and all future donations until I notify the charity otherwise. I am a UK taxpayer and understand that if I pay less Income Tax and/or Capital Gains Tax than the amount of Gift Aid claimed on all my donations in that tax year it is my responsibility to make the difference. I understand the charity will reclaim 25p of tax on every £1 that I have given.
