How could your gift help?

£7 could enable one GP to update their knowledge of ovarian cancer symptoms and best practice for early diagnosis.

£10 could help 10 people learn about the symptoms of ovarian cancer through our leaflets. Knowing the symptoms and when to visit the GP can vastly improve early diagnosis.

£17 could mean our support line can help one more person who needs advice and information they can trust.

Gift Aid – what does it mean?

Boost your donation by 25p of Gift Aid for every £1 you donate.

Gift Aid is reclaimed by the charity from the tax you pay for the current tax year. Your address is needed to identify you as a current UK taxpayer! We claim for the basic rate of tax paid on the donation at no extra cost to you.

Gift Aid applies to individual donations and sponsorship amounts. It does not apply to payments made for goods and services, where there is a set minimum donation amount or donations made by a company or on behalf of another individual.

¹ If I have ticked the box headed '*giftaid it*', I confirm I want to Gift Aid all donations I have made to Target Ovarian Cancer in the last four years and all future donations until I notify the charity otherwise. I am a UK taxpayer and understand that if I pay less Income Tax and/or Capital Gains Tax than the amount of Gift Aid claimed on all my donations in that tax year it is my responsibility to pay the difference.
